Addendum #1

CITY OF WICHITA  
CESSNA EAST PARK PICNIC SHELTER  
6115 E MT VERNON  
Wichita KS

14 SEPT 2018

---

The following clarifications, revisions, and additions to the Specifications and Drawings are hereby made a part of the Contract Documents.

- 1-1 Clarification: The drawings and specifications dated 7/13/18 are not the most recent documents. Bidders should obtain the most recent drawings and specifications which are dated 7/17/18. The differences between the documents are minor but the contract will be based off the most current 7/17/18 documents.
  
- 1-2 SPECIFICATION SECTION 13 34 19; 1.1, B Change to read:  
"At the prerogative of the awarded Contractor, the shelter materials will either be shipped to the site or shipped to a location off site designated by the awarded Contractor. Timing of delivery is at the discretion of the awarded Contractor. The Contractor will be responsible for unloading the materials from the truck. The Owner will be present at time of delivery to verify acceptance and sign for the shipment. If the Contractor chooses a delivery location other than the site, transport of shelter to site will be the responsibility of the Contractor. If the shelter is delivered to the site, it shall be secured in a locked fenced enclosure pending erection."
  
- 1-3 SPECIFICATION SECTION 03 30 00 – Clarification:  
2.7 calls for 4,000 PSI concrete on this project. Even though the ICON SHELTER SYTEMS foundation drawings call out 2,500 PSI Concrete, 4,000 PSI will be required for this specific project.
